ABOUT US

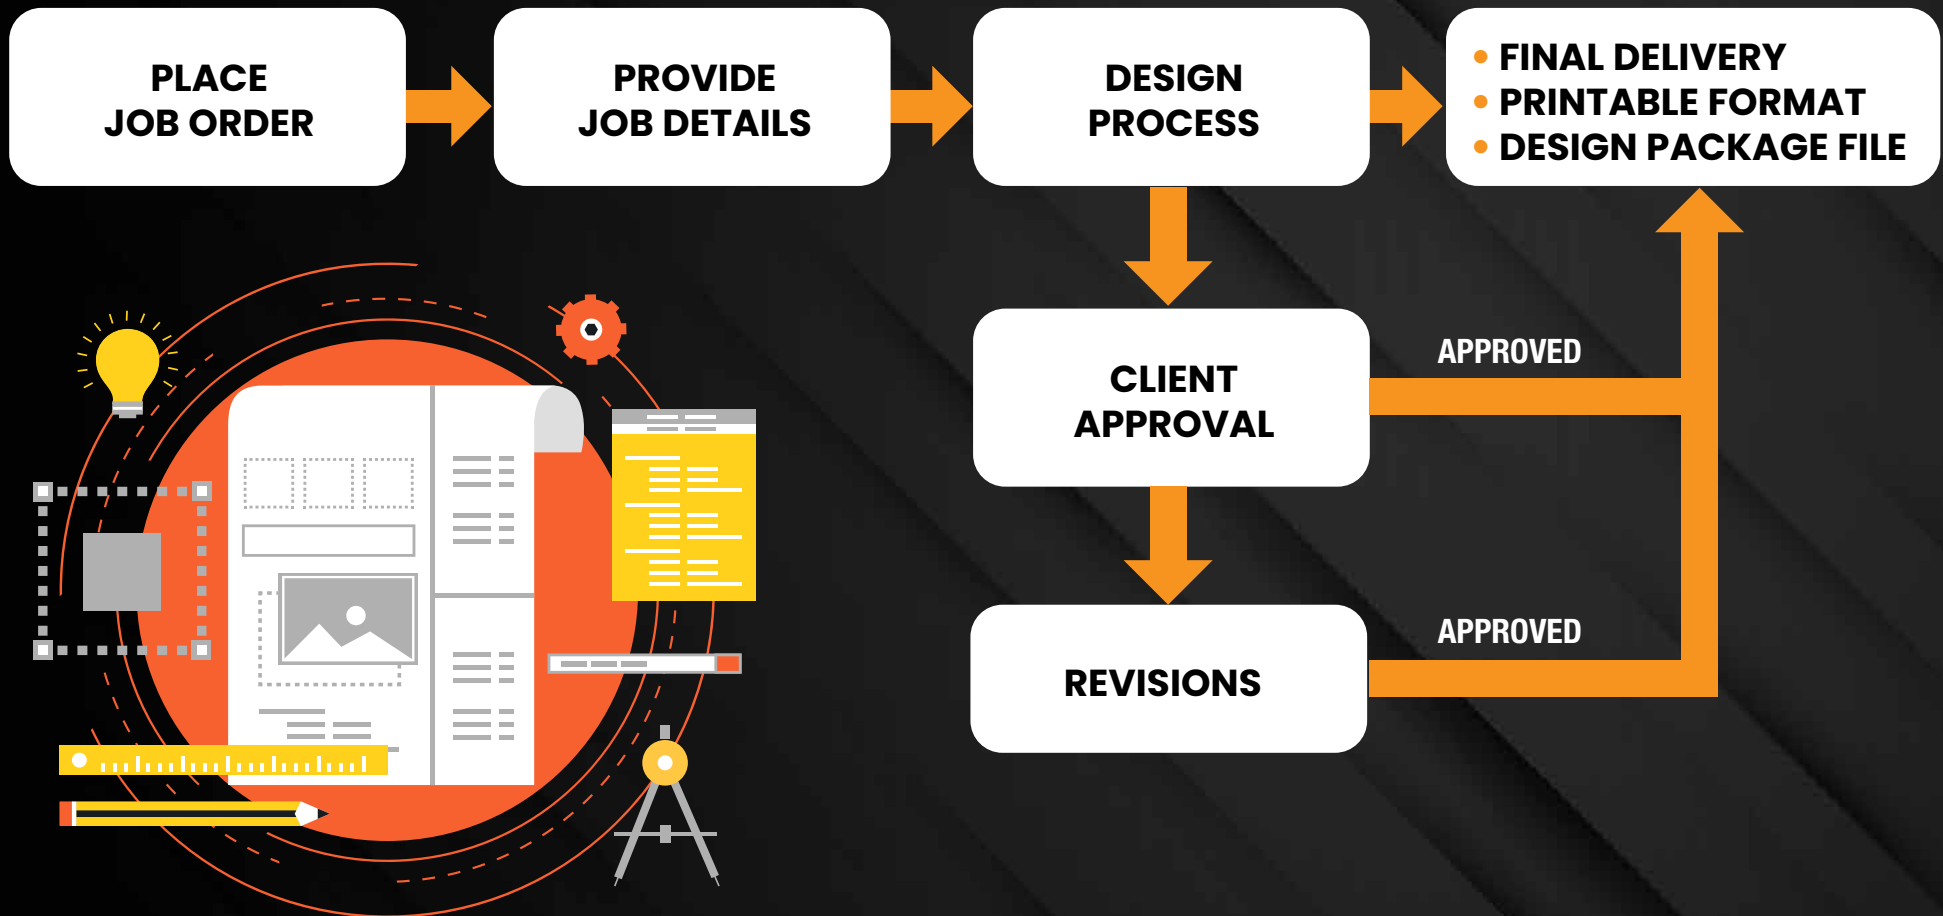

We are thrilled to have the opportunity to introduce ourselves and our graphic design services to you. We believe that great design has the power to communicate ideas, evoke emotions, and drive business success. With our creative expertise and attention to detail, we specialize in crafting visually compelling designs that capture the essence of your brand and resonate with your audience.

Whether you need engaging marketing materials, or custom designs for your digital platform. We are committed to delivering high-quality solutions tailored to meet your unique needs. Our team of experienced designers collaborates closely with clients to ensure that every project not only meets but exceeds expectations.

We would love to discuss how we can help bring your vision to life and support the growth of your business through creative design solutions with very affordable cost.

Give Your Child the Gift of a Healthy Smile

martinfine orthodontics
www.fine.com.au

Two Convenient Locations
Level 8, 35 Spring Street Bondi Junction (02) 9369 2566
Level 1, 633 Anzac Parade, Manly (02) 9369 2566

Our practice is committed to providing the most up-to-date orthodontic care to our patients in a comfortable and caring atmosphere that provides a positive orthodontic experience to children and adults alike. Dr Martin Fine has undertaken extensive additional study and has over 25 years specialist experience.

The American Association of Orthodontics recommends a check-up by age 7 because:

- Treatment started at the most opportune time is faster and easier for everyone. If your first visit indicates developing issues, we will then monitor your child's teeth every six months at no charge.
- Only a specialist orthodontist can detect subtle growth patterns and dental development issues that may benefit from early intervention. Your dentist is your expert in general dental health.
- As most cases your orthodontist will achieve results that would not be possible once the face and jaws have finished growing. An early assessment gives your child the best opportunity for a healthy beautiful smile and harmonious facial balance.

"Prevention is Better Than Cure" ...

Interceptive treatment can:

- Preserve or gain space for erupting permanent teeth, obviating the need for extractions.
- Lower the risk of injury to protruded front teeth.
- Correct harmful oral habits.
- Improve the child's self-confidence during critical developmental years.
- Directly impacting permanent teeth and eliminate the need for surgery.
- Improve the width of the jaw arches.
- Simplify, shorten braces treatment time as completely eliminate the need for braces by guiding permanent teeth into better positions.
- Influence the growth of the jaws in a positive manner, reducing or eliminating the need for future jaw surgery.
- Increase the stability of future treatment results.

The Right Action Now Will Make All The Difference Later!

BROCHURE

KNANAYA RESORT

Knanaya Homes Inc.
2015 Marthomman Dr.
Missouri City, TX 77489

OUR FACILITY OFFERS

Traditions have it that 72 families migrated to India around 345 AD and we the Knananites are their descendants. Ours is a long history of multiple migrations both inside and outside Kerala and even to various parts of the world. While our people live in every country, at least until recently most returned to their native villages to retire; except those who came to the United States of America.

As our dream to return to the native villages slowly dies out and as people matured they started dreaming about retiring and living at least in a warmer weather among friends and acquaintances! So far for vast majority of our people even this hope remains just another unfulfilled dream!

Our History

But a small group of our brethren acted on their dream; they bought 18 Acres of land next to the Houston Knanaya Community Center and developed it into a retirement community "Knanaya Homes" of Houston. St. Mary's Knanaya Catholic Church of Houston is only 5 Miles away. It is located in Missouri City, only a short distance from where most of the Houston Knanaya Community members live.

Our Facility

In this gated community the homes face a beautiful lake. It is around this lake the community members take their morning

OUR FACILITY OFFERS

- Ready to build the home lots with all the Utilities.
- Lots are large enough to build 2500 square ft. homes.
- 16 Members Build their homes and live here.
- Complete private and gated community.
- Lake-front house lots for all Residents.
- 3000 Square ft. Fully furnished Club House available to use for all the members
- Full size Tennis Court.
- Knanaya Community Center next door to the Subdivision.
- Three Catholic Churches with in 5 minutes distance (Latin, Knanaya Syro Malabar & Syro Malabar)
